

Full sun shrubs for NO DEER areas

Plant Name	Height & Spread	Evergreen or Deciduous	Description	Photo
Rosemary <i>Rosmarinus officinalis</i>	Creeping: 1 foot tall, 6 feet spread Upright: 3-4 feet tall and wide	Evergreen	Fragrant foliage. Purple winter flowers. Culinary uses. Creeping makes good groundcover. Upright makes good hedge.	
Spirea <i>Spiraea japonica</i>	2-4 feet tall 2-4 feet spread	Deciduous	Leaves may be green or yellow/orange depending on variety. Flat pink flowers in summer. Showy fall color.	
Dwarf Yaupon Holly <i>Ilex vomitoria 'Nana'</i>	3-5 feet tall 3-5 feet spread	Evergreen	Slow-growing. Green, holly foliage. Greenish-white, insignificant flowers in summer. Rounded shape.	

Barberry <i>Berberis</i>	2-6 feet tall 3-5 feet spread	Most are deciduous	<p>Favorite varieties have showy red or purple leaves. Small yellow flowers in early summer, red berries in fall.</p> <p>Most popular varieties: Crimson Pygmy, Rose Glow, Red Rocket, Red Japanese</p>	
Noell's Grevillea <i>Grevillea</i>	3-4 feet tall 3-4 feet spread	Evergreen	Prickly pine-like foliage. Red-pink flowers in early spring.	
Boxwood <i>Buxus</i>	3-5 feet tall 3-5 feet spread	Evergreen	<p>Slow-growing. Glossy green (or yellow variegated) foliage turns bronze during cold of winter.</p> <p>Insignificant white flowers in spring.</p> <p>Popular as hedge or topiary.</p>	
Flowering Quince <i>Chaenomeles</i>	3-6 feet tall 3-6 feet wide	Deciduous	Very showy flowers in early spring. Red or white-pink flowers. May bear small quince fruits with age.	

Myrtle <i>Myrtus communis</i>	3-6 feet tall (or more with time) 2-5 feet spread	Evergreen	Slow-growing. Fragrant green foliage, small white flowers in early summer. Leaves may be green or yellow variegated. Blue berries in fall. Makes good hedge.	
Rose Bush <i>Rosa</i>	4-6 feet tall 4-6 feet wide	Deciduous	Bush or hedge can be pruned to control shape and size. Large showy flowers in summer can be just about any color, and often fragrant. Long-blooming. Good cut flower.	
Lynwood Gold Forsythia <i>Forsythia 'Lynwood Gold'</i>	6-8 feet tall 8-10 feet wide *there are also dwarf varieties that grow to around 5 feet tall and wide	Deciduous	Amazing display of golden yellow flowers in early spring. One of the first shrubs to flower at the end of winter. Flowers are followed by green leaves that turn purple-red for fall.	
Dwarf Burning Bush <i>Euonymus alatus 'Compactus'</i>	6-8 feet tall 8-10 feet wide *non-dwarf variety gets 15-20 feet tall and wide	Deciduous	Mounded form of rich green leaves spring through summer. Amazing display of scarlet red color in fall.	

Holly <i>Osmanthus heterophyllus</i>	8-10 feet tall 8-10 feet spread	Evergreen	Green holly-like foliage. Fragrant white flowers in late summer.	
Oleander <i>Nerium</i>	8-12 feet tall 8-12 feet spread *dwarf varieties grow 2-4 feet tall/wide	Evergreen	Long-blooming flowers from early summer until a frost. Flowers red, pink or white (white grows fastest and largest). Toxic when ingested.	
Snowball Bush <i>Viburnum</i>	8-12 feet tall 10-15 feet spread *there are also dwarf varieties as small as 2-3 feet tall/wide	Deciduous	Large dense bush with green leaves. Large globes of flowers emerge green, mature to white, fade to pink. Showy fall color usually gold with reds & purples.	
Lilac <i>Syringa vulgaris</i>	10-15 feet tall 10-12 feet wide *there are also dwarf varieties as small as 3-6 feet tall/wide	Deciduous	Green leaves and showy, very fragrant flower spikes in spring. Flowers may be purple, white, or pink depending on variety. Good cut flower.	

Smoke Bush <i>Cotinus coggygria</i>	10-15 feet tall 10-12 feet wide	Deciduous	Large shrub with attractive purple foliage spring to fall. Pinkish-purple feathery flowers resemble puffs of smoke. Blooms in summer.	
Pineapple Guava <i>Feijoa sellowiana</i>	12-15 feet tall 12-15 feet wide	Evergreen	Grey-green leaves similar to olive leaf. Red and white (edible) flowers in early summer. Edible fruit in December.	
Red Tip Photinia <i>Photinia fraseri</i>	10-15 feet tall 10-15 feet wide	Evergreen	Large shrub that can be trained as bush, hedge, or tree. New growth emerges bright red, matures to dark green. Puffs of white flowers in spring.
